# The "Smart" Way to Get Top Market Prices for Your Coins!

**Y**ou don't need to be an Einstein to make the most intelligent and profitable decision of the year! Consign your coins and/or inventory to Auctions by Bowers and Merena, America's leading rare coin firm.

We are currently planning our next New York City sale, as well as sales to be held in other major metropolitan areas across the country. We can give you instant cash to spend, enjoy, or invest as you wish. You have the coins, we have the cash and the buyers! Let's get together!

**We have money to give you!** Write or call Dr. Richard "Rick" Bagg (our director of auctions) or Dave Bowers today, and we'll make plans to visit you—at your home, office, or bank—with no obligation on your part—and with our check in hand!

## In which of these three categories are you?

### 1. Private Collector:

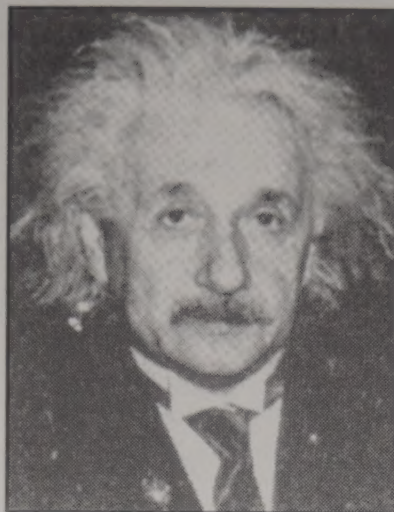

You have been collecting coins for years, and now is the time to harvest your efforts. Auctions by Bowers and Merena, Inc. is the firm you can trust.

Of the top 10 all-time auction records for U.S. coins, we hold eight. No other auction firm comes even remotely close to our record of success.

Q. David Bowers, Dr. Richard Bagg, and our staff of expert numismatists will showcase your coins to their finest advantage (and your collecting career and biography, if you wish). Have a special request? Let us know!

Over the years, many of the finest private collections ever formed (the Virgil Brand Collection, the Eliasberg Collection of U.S. Gold Coins, the Garrett Collection, the Norweb Collection and more!) have been sold by us—and for record prices.

Whether your collection is valued at several million dollars or several thousand dollars, Auctions by Bowers and Merena, Inc. can realize for you the

highest possible market price.

### 2. Investor:

You were attracted to the investment aspect of coins, possibly buying in the 1980s when prices for certain issues are higher than they are now. Or, you bought years ago and have already capitalized on your investment. We will make suggestions as to how you can maximize your return on the present market.

If you want to leave coins and return to the stock market, CDs, Treasury bills, or other investments, we can help.

During the past several years, we have assisted many investors in the liquidation of their portfolios at the best market prices.

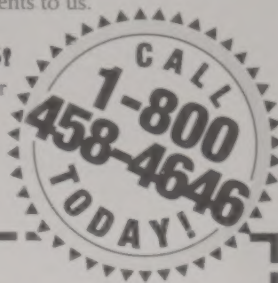

### 3. Dealer:

Dealers are among our greatest fans! Did you know that there are some professionals and firms who consign to *every* one of our sales? It makes a lot of sense, for we have thousands of private buyers worldwide, and many of whom buy exclusively from us. Considering our low rates, the cost of offering your coins to so many proven buyers is very inexpensive!

Put your inventory to work for you. A cash advance can be yours instantly, so you can have money to spend right now, while at the same time your coins will be safely in our hands—being prepared for our eager bidders.

And, if you have a client with a collection, we are always willing to pay generous finders' fees; some dealers earn many thousands of dollars each year simply by referring clients to us.

Call toll-free today at **1-800-458-4646!** Ask for Dr. Richard Bagg or Q. David Bowers. It may be the most financially rewarding decision you have ever made!

## USING YOUR 1994 NUMISMATIC DEALER DIRECTORY

Your **1994 NDD** provides two ways to look-up coin dealers. The first section is a cross-referenced, alphabetical listing by last name and by company name (CAPITALIZED). Personal names are followed by their state & company name. When the company name is the same as the numismatist's name, you will be able to locate them either way. For example, Julian M. Leidman will have two cross-references: 1) Under **J**, look for "JULIAN M. LEIDMAN, MD" to find the company name, state, & telephone number; and 2) Under **L**, "Leidman, Julian M., MD, Julian M. Leidman" gives you his personal name, his state, his company name, and telephone number.

The second section is arranged by state, and therein alphabetically by *company* name (names such as *I-A Coin Co.* or *A&B Coin Co.* start each new state). If you know the state & *company* name, those listings contain the full mailing address and telephone numbers. When an individual's name is also the company name, **keep in mind that the listing will be alphabetical using the first name**. For example, the address of the *company* "Julian M. Leidman" can be found in Maryland under the first letter "**J**". Within the second section, we have highlighted our advertisers with blue ink. We encourage you to read all advertisements; they contain important information, and this directory would not be possible without their support. These leading dealers were sure that this directory would be one of your most useful numismatic tools. The advertising index will direct you to the various advertising categories. The cross-references in red ink will direct you to advertisements under related categories.

We hope that you find the **1994 Numismatic Dealer Directory** to be a useful tool throughout the year. And please don't forget to send in any updated information as soon as possible. If you do not refresh your information, you may be deleted from future issues.

### PUBLISHER'S STATEMENT OF COPYRIGHT & LIMITATION OF LIABILITY

Reproduction of any part of the **1994 Numismatic Dealer Directory** without written permission of the **Coin Dealer Newsletter** is a violation of copyright law and is specifically prohibited. The **CDN** will strictly respond to any and all violations of the **CDN** copyright.

Every precaution has been taken to avoid errors and omissions in the **1994 Numismatic Dealer Directory**, both in the directory listings and in the display advertisements. The **Coin Dealer Newsletter** expressly rejects any liability for errors in the listings due to incomplete, inaccurate, or omitted information. If you do not refresh your information by responding to our mailings, you may be deleted from future issues. The **1994 NDD** listings have been updated to the best of our ability based upon your returned cards, plus the most recent public data available. If your name was removed from the **1994 NDD**, you will need to submit a listing request form (found in the directory) to be reinstated in the database. If any listing is incorrect, please notify us as soon as possible so that we can update our files. This will also help you — should we receive an inquiry, we can provide the corrected information. Please send us one of the listing request forms whenever your information changes — and remember that many new telephone Area Codes are being created.

Every precaution has also been taken to correctly include all display advertising. Should any error have occurred, an advertiser is limited in recovering for any loss or omission to a pro-rata abatement of the charge paid for such advertising in the proportion that the error reduces the value of the entire advertisement. In no event shall such recovery exceed the amount paid to the **Coin Dealer Newsletter**. An advertiser can substantially avoid the risk of errors or omissions by submitting camera-ready copy, which we encourage for all display advertising.

**Note to consumers:** The **1994 Numismatic Dealer Directory** has been prepared for the dealer community. As consumers, only you can decide what services or products best meet your needs. The inclusion of any dealer, either in the listings or advertisements, is *not* an endorsement of the individuals concerned, their companies, business practices, services, or products. Furthermore, you should be aware that advertisers are subject to various local, state, and federal laws and regulations; the enforcement of such laws and regulations is the responsibility of the appropriate agencies.

# Our Awards Tell The Story

If You Are Thinking  
Of Selling —  
You Must Think Of

*Stack's®*

"Old-time collections of rare coins can draw strong bids even in a slow market, as was proven in the first session of the sale of the Floyd T. Starr collection by Stack's...The atmosphere was electrifying, absolutely rip-roaring...Buyers filled the room and bid enthusiastically. It was a wonderful happening..."

•Numismatic News, page 1, November 3, 1992

"How does Stack's do it? The firm sells incredible collections year in and year out. Numismatic history is replete with its headline-creating auctions. The Herman Halpern paper money sale is only the latest in the series."

Bank Note Reporter, page 1, March 1993

# Littleton's 100,000 collector customers want your coins!

David Sundman,  
President  
ANA LM 4463, PNG 510

*Last year they bought over  
3 million coins from us!*

Littleton's over 100,000 customers from all 50 states have a broad range of collecting interests — from Lincolns, Buffalo Nickels and Walkers to Barber, Seated and early Bust coinage. To meet the interests and budgets of so many collectors, our inventory includes coins costing less than a dollar to important rarities worth several thousand dollars (we offer the widest selection of U.S. coins in the widest range of grades available anywhere).

*Each year we spend millions  
of dollars for U.S. coins . . .*

So if you have coins to sell in grades from AG-3 to MS-65, whether single issues or entire estates, perhaps you should consider the buying power of Littleton's 100,000 collector customers. Our needs are extensive and our buy prices are highly competitive.

- Entire collections purchased.
- Straightforward appraisals & offers.
- Fast confirmation and settlement.
- Finders fees and joint arrangements.
- Over 48 years of service & experience.

# National Gold Exchange, Inc.

World Wide Leaders In The Coin Industry

Brussels Paris Tampa Zurich

## Why haven't I heard of National Gold before this?

NGE has been primarily involved in the wholesale market place since 1979. We have also been a major supplier to a number of the leading retail firms. However, due to various contractual obligations with these other companies, NGE was unable to offer our coins directly to the public. With the expiration of these agreements, NGE has developed what we think is a revolutionary concept for the coin industry. Industries such as apparel, stocks, bonds and computers have begun offering reduced pricing to the public. NGE has taken this concept one step further by offering our coin inventory at prices generally available to the dealer community only. We want to be your rare coin "superstore."

## Who is National Gold Exchange?

- Incorporated in 1979
- Corporate headquarters in Tampa, Florida
- Representatives in major European cities
- Members of most major numismatic organizations
- Member of the Professional Numismatic Guild (Mark Yaffe)
- Major importer of U.S. gold coinage from Europe
- Market maker on numerous trading networks

Whether you are buying or selling we would appreciate the opportunity for you to compare our pricing with anyone in the coin business!

# Certified Coin Dealer newsletter

The **Certified Coin Dealer newsletter** ("Bluesheet"), published by the Coin Dealer Newsletter (est. 1963), is the only price guide available listing the wholesale bid levels of coins certified by the Professional Coin Grading Service, Numismatic Guaranty Corporation, ANACS, PCI, INS and NCI. Published weekly, the "**Bluesheet**" reports the highest known bids on actively traded certified coins in the standard grades of Mint State and Proof. Prices are constantly updated for the most popular series and issues graded by the leading services. Bids for PCGS and NGC are reported every week; Bids for other services are updated monthly. And now the **CCDn** also contains the **Asksheet** listings each month - at no extra charge!

Over the past eight years, the certified market has been incredibly active. The volatility that characterized the

sight-unseen market has been replaced by more stable price movements, attracting a new generation of collectors.

As our **CCDn CMI** (a weekly **Bluesheet** feature) illustrates, the overall market is stabilizing. And in addition to pricing changes in the market, Bid levels may differ considerably from one service to another.

The **Bluesheet** reports dealer bid levels for sight-unseen coins. Dealers may pay even more depending upon their needs, but remember, pricing changes are an enduring characteristic of the coin market. Bids can increase or decrease dramatically; without current market information, making informed buying or selling decisions is impossible. You need the **Bluesheet** now!

# THE COMPREHENSIVE U.S. SILVER DOLLAR ENCYCLOPEDIA\*

By JOHN W. HIGHFILL

Recipient - Numismatic Literary Guild's 1992 Extraordinary Merit Award

★★★★ Excellent!

"By far the most significant book ever produced to focus on Silver Dollars. A landmark, awe-inspiring, phenomenal work - certainly the most remarkable compendium of the decade."

Scott A. Travers - Author, "The Coin Collector's Survival Manual"

This book was created especially for numismatists of all ages and callings. It is full of the energy and knowledge of John Highfill and a gathering of the finest talent that the industry has to offer.

The "special" guest authors who have united with Mr. Highfill to produce this work are providing a masterpiece which will reside in the libraries of all serious collectors, dealers and enthusiasts alike. These talented and knowledgeable individuals have each contributed the best of their experience, intuition, and wisdom to provide the best encyclopedia of the U.S. Silver Dollar ever produced.

This "masterpiece" will include chapters such as:

EXCLUSIVE! The Continental-Illinois Bank Deal, an inside story of this major hoard from two main dealers that handled it.

- The sight-unseen electronic coin exchange which handles thousands of buy/sell transactions annually.
- The insights on how rare coin auctions work. From some of the industry's leading authorities.
- The statistical section of this Encyclopedia contains the most in-depth analysis ever compiled for the Morgan and Peace dollar series. Two full pages have been dedicated to each separate date and mint mark. There are five separate color graphs of "intense" information for every date in the entire Morgan and Peace dollar series.
- The book also includes many enjoyable and interesting stories by the most knowledgeable and respected numismatic legends.

- The Comprehensive U.S. Silver Dollar Encyclopedia® is one of, if not the largest, single volume numismatic works ever compiled!
- Over a million words of text!
- Over one thousand technical and fully illustrated color reference graphs and charts.
- Over one thousand of both color and black-and-white photographs!
- The Redfield Hoard - Facts, Fantasy and Mysteries.
- Wall Street Brokerages, Limited Partnerships, Bank financing and many other financial news.
- The PCGS World's Finest Morgan Private Collection and record prices realized. For those of you that were not able to view the PCGS "World's Finest Morgan Silver Dollars" exhibition while it was on tour, we at Highfill Press, Inc., with permission from PCGS, Newport Beach, CA, are pleased to present all of the dollars from this magnificent collection as the official plate coins used in the date by date analysis. This complete in-depth date by date analysis is listed in Chapter 80.
- "Mr. John Highfill has captured the beauty, rarity and historical significance of the tour collection in his book, *The Comprehensive U.S. Silver Dollar Encyclopedia*®. The PCGS World's Finest Morgan Dollar Collection was exclusively photographed for the spectacular limited edition publication distributed and published by Highfill Press, Inc."

Rebecca Fong - "World's Finest" Tour Director.

- Updates on local, state and Federal Government Regulations and Proposals.
- Concise and Comprehensive counterfeit and grading sections.
- The 1794 Dollar, the 1804 Dollar and the King of Siam Set.
- And that's not all, it's an anthology of the coin industry as chronologued by 50 of the most brilliant numismatic minds in the coin world today.

# WHY

## the Coin Dealer newsletter

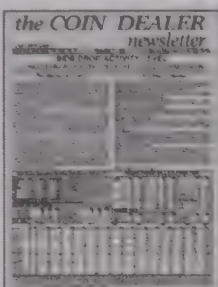

### family of publications

## remains the

# UNDISPUTED PRICING LEADER

#### The Broadest Source of Information...

Our comprehensive (and often exclusive) sources of trading information allow the CDN to report coin market activity in the most thorough manner possible. Our senior staff monitors **all** daily teletype buying and selling messages; we carefully evaluate sight-unseen and sight-seen Bids and Asks on all computer systems, auction results, private treaty sales between dealers (often unpublicized), and every other source of wholesale pricing information. Our dealer-to-dealer Bid & Ask levels are thoroughly and realistically researched—giving our subscribers all of the facts needed to make informed buying and selling decisions!

#### The Assurance of Accuracy...

The CDN does not buy or sell coins, nor do staff members. Here the advantage to subscribers is obvious! Since the CDN has no "position" in the market, it is able to report price changes in a frank and unbiased manner.

#### The Reliability of Independence...

The CDN does not use the "Panel of Experts" approach. Although our contact with dealers, big & small, is constant, we do not simply use prices

submitted by any dealer or group of dealers. Logic dictates that this approach would not be in the best interest of our subscribers. 'Input' from dealers is certainly important — but must be carefully weighed against all our other sources of dealer-to-dealer trading information.

#### The Most Complete Market Coverage Available...

Our publications cover the **entire** coin market, not just 'selected issues'. Subscribers to the CDN receive the weekly *Coin*

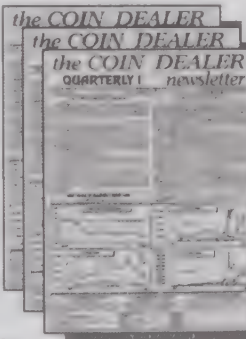

*Dealer newsletter* (the "Greysheet"), featuring up-to-date information on the most important and fast-moving market segments. At no extra charge, they also receive the *CDN Monthly Supplement*, providing pricing in all tradeable grades of complete series listed by date (i.e. all Barber coinage), and the *CDN Quarterly* (one section is issued every month). Every regular issue U.S. coin is accurately priced; tens of thousands of prices are updated monthly!

Subscribers to the *Certified Coin Dealer newsletter* (the "Bluesheet") receive weekly

reports of the most important PCGS and NGC certified coins trading in the wholesale marketplace.

Additional pricing supplements every month cover PL Morgans, Early Gold, Better Date Issues, Matte Proofs, Standing Lib Quarters, Franklin Halves, and St. Gaudens \$20s. Once each month we cover selected issues certified by ANACS, PCI, INS, and NCI as well. And now, once a month, the "Bluesheet" also includes Ask & Trade prices; your buying and selling decisions require this information, found only in the CCDN—and all for the same low price.

Currency dealers and collectors all turn to the *Currency Dealer newsletter* (the "Greensheet") for the wholesale prices needed to actively participate in the joys of collecting paper money. Large & small sized U.S. issues are covered, in multiple grades — all the way from VG to Gem CU. This is the market's only source for dealer-to-dealer pricing information.

#### In-Depth Analyses & Market Comment...

All of our publications give you more than just pricing charts — we also feature market analysis through our regular columns and special guest features, charts, graphs and indices. Need a thorough examination of a certain series? We have probably covered it! Our analyses have long been hailed as the definitive studies of the areas covered.

#### Experience Still Counts for Everything...

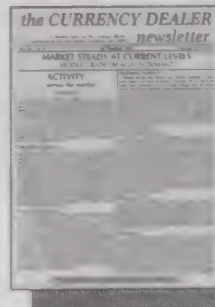

The CDN has reported on coin market activity for **more than 31 years**, and our senior staff shares **more than a century** of professional numismatic experience. This unparalleled experience places the CDN in the unique and enviable position to accurately evaluate the enormous volume of information received each week from all sources. Looking for consistency? The CDN's **very first** pricing analyst (in 1963) is one of the owners—and still pricing!

#### Lowest Cost & Best Service...

Price is important—especially these days. Subscribers to the CDN receive 75 issues for their yearly \$98; that's a little more than a dollar per valuable issue. *Bluesheet* subscribers receive 51 weekly issues plus all of the Supplemental charts for only \$117 annually — and receive for free the *Asksheet* prices that previously cost \$45! You can save the cost of an entire year's subscription on your first purchase or sale — why risk making an uninformed decision in this volatile market?

#### Reliability is Critical...

The CDN began publication in 1963; we are now in our 32nd year of providing our subscribers with market information that is reliable, accurate, independent & timely. Imagine, **timely delivery every week for more than thirty-one years!** This is certainly a record by any standard, and one that we intend to keep intact. Any price you get elsewhere will be less than you deserve — even when their pricing sections are based on our CDN prices, they will still be weeks out of date before they begin to even think of publishing! Anything less is of little use to participants in the market who need to keep pace with ever-changing prices.

#### If Your Local Dealer Can't Be Without His CDN family, How Can You?

Take a look around! You will find that every dealer refers to our family of publications — as they have for nearly thirty-one years!

**Put a Century of Experience on Your Side—Subscribe Now!**

# National Gold Exchange, Inc.

World Wide Leaders In The Coin Industry

Brussels   Paris   Tampa   Zurich

## Why haven't I heard of National Gold before this?

NGE has been primarily involved in the wholesale market place since 1979. We have also been a major supplier to a number of the leading retail firms. However, due to various contractual obligations with these other companies, NGE was unable to offer our coins directly to the public. With the expiration of these agreements, NGE has developed what we think is a revolutionary concept for the coin industry. Industries such as apparel, stocks, bonds and computers have begun offering reduced pricing to the public. NGE has taken this concept one step further by offering our coin inventory at prices generally available to the dealer community only. We want to be your rare coin "superstore."

## Who is National Gold Exchange?

- Incorporated in 1979
- Corporate headquarters in Tampa, Florida
- Representatives in major European cities
- Members of most major numismatic organizations
- Member of the Professional Numismatic Guild (Mark Yaffe)
- Major importer of U.S. gold coinage from Europe
- Market maker on numerous trading networks

Whether you are buying or selling we would appreciate the opportunity for you to compare our pricing with anyone in the coin business!

# The Coin Dealer Newsletter

has been serving dealers for (please check):

\_\_\_ 31 Years

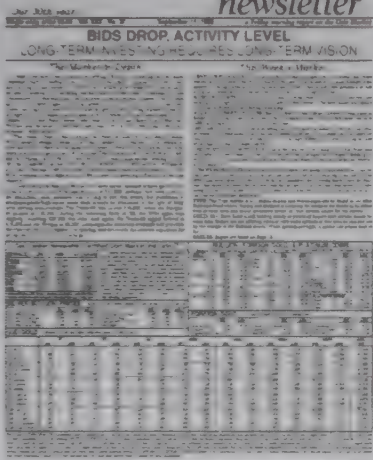

\_\_\_ 18 Years

\_\_\_ 3 Years

If you checked all three choices, you are correct. The *Greysheet*, as most numismatists know, was started in 1963, and has been the market's leading (and only!) source of current, wholesale pricing information since then. Over the decades, the listings have been tremendously expanded and improved to provide subscribers with the most *accurate* market information that money can buy.

But the *Greysheet* is more than just the *weekly CDN*. The *CDN Monthly Supplement* has been an important part of our subscription package since 1976, with its monthly listings of so many important series by date. And starting in 1992, the *CDN Quarterly* now brings *CDN* subscribers full date, multiple-grade listings on every regular issue U.S. coin not already covered in the weekly and monthly issues. Imagine, every U.S. coin now receives our *independent, unbiased* attention, all so that you can make informed buying and selling decisions.

Every Numismatic Library  
needs copies of the latest addition to the  
**COIN DEALER** newsletter  
*family of publications:*

# *the Backsheet*

Now that we have your attention, we really haven't started an additional newsletter — but your library should include **Back Issues** of our publications. Back issues are available two ways:

You can purchase small quantities to fill in missing issues, to obtain articles necessary for your research, or to follow your special interests. You may also combine your order for back issues of any of our publications to obtain the lowest price:

1-10 issues - \$2.50 each • 11-25 issues - \$2.00 each • 26 & over - \$1.50 each

Or, you can purchase *complete sets* of back issues for really dramatic savings:

Complete set of the weekly **Coin Dealer newsletter** (*Greysheet*)  
from June 14, 1963 to December 24, 1993, now includes 1557 issues.  
At \$1.50 each this would normally cost \$2336, but a complete set is only ..... \$1500.

Complete set of the monthly **CDN Monthly Summary** (now renamed the *Monthly Supplement*)  
from August 1976 to December 1993, now includes 208 issues.  
At \$1.50 each this would normally cost \$312, but a complete set is only ..... \$225.

Combined weekly **CDN and Monthly Summary**  
now includes 1765 issues, and extra savings at only ..... \$1650.

Complete set of the weekly **Certified Coin Dealer newsletter** (*Bluesheet*)  
from August 22, 1986 to December 24, 1993, now includes 374 issues.  
At \$1.50 each this would normally cost \$561, but a complete set is only ..... \$300.

Complete set of the monthly **Currency Dealer newsletter** (*Greensheet*)  
from September 1980 to December 1993, now includes 160 issues.  
At \$1.50 each this would normally cost \$240, but a complete set is only ..... \$140.

For the most complete numismatic pricing library possible, you may order a  
**COMPLETE** set of all of the Back Issues listed above for only \$2050.
